

Revolution – Evolution – Change

Transitions in the 21st century's societies

13th International Internet Conference for students aged 14+

► Get the unique experience of a global internet conference! Students from many countries, international experts and the conference team are waiting for you! Join our conference, work and discuss from any internet computer worldwide, at your school, at home or in your internet café!

22 March, 2012
00:00 - 24:00 UTC

(Check what this is in your local time on our website!)

► Revolution – Evolution – Change

In these days and months we can see rapid changes taking place in societies in Northern Africa and the Middle East. And how about your own society in the country where you live? Probably there is a lot of change taking place, our societies are facing a lot of challenges, in all corners of the world. Let's discuss challenges and chances of the ongoing changes in our societies. Worldwide. At our next conference!

► **Again in 2012: interactive pages and a resolution.** Work with our interactive pages as a tool for your individual conference preparation. Upload your own contributions for all other participants! Work with "Revolution – Evolution – Change", be prepared when the conference starts and take part in the decision-making during the global conference on 22nd March. The Agenda 21 NOW! Resolution will be presented to UNESCO and to the public in April / May 2012.

► Agenda 21 NOW! is an annual telecommunication project initiated and operated by a team of teachers and students from Humboldt-Gymnasium, Trier, Germany, and is also a pilot project of the German UNESCO Associated Schools.
